Company Overview

NowNews Digital Media Technology Co. Ltd. is a U.S.-listed media holding company focusing on the global Chinese market. The Company's holdings in the media space include digital media, movie production and distribution, and music copyright. The digital media business engages in creating, collecting and distributing news and information through its website and applications on mobile phones or tablets. The Company's subsidiary NOWnews is the largest online self-produced news content provider of Taiwan and the only Taiwanese online news website fully accessible in Mainland China. The movie production and distribution business engages in Internet movie, Internet drama and Internet show production, foreign movie import and production, movie marketing and advertising, and Internet personality business. The Company's music copyright business owns copyright to more than 3000 hit pop songs and provides a full range of Karaoke products. In addition, the Company has investments in the banking industry in Southeast Asia.
